Part 1 (Identical and Required):

At the conclusion of this course, the student should be able to (Identical and Required):

1. Interpret and analyze domestic and international macroeconomic data.
2. Apply macroeconomic models to explain economic issues and outcomes.
3. Analyze the effects of macroeconomic policies.

Part 2 Optional objectives/outcomes (optional):

At the conclusion of this course, the student should be able to:

Methods of Evaluation: (Identical and Required)

Part 1 (Identical and Required):

Assessments for this course will include both formative and summative assignments that may include some or all of the following:

Exams and Quizzes containing one or more:

- Multiple Choice questions
- Short answers
- Problem Solving
- True/False
- Essays

Other Assessments:

- Problem sets
- Online or in-class discussions
- Presentations
- Group projects
- Experiments
- Current event analysis
- Term papers

Assessed written work may include any of the following (colleges are encouraged to work with local CSU and UC departments to determine writing requirements):

- Current event analysis
- Discussion boards
- Essay questions on exams
- Term papers

Methods of evaluation are at the discretion of local faculty.

Part 2 List Additional Methods of Evaluation (Optional):

Representative Texts, Manuals, OER, and Other Support Materials:

Part 1 (Identical and Required):

These are representative texts. Texts used by individual institutions and even individual sections will vary.

These are two-semester textbooks covering both Macroeconomics and Microeconomics. The one-semester edition covering only Microeconomics is acceptable as is any other equivalent textbook, including an OER textbook.
